

SEWMAQ SW-911B

BAND KNIFE CUTTING MACHINE FOR ALL KIND OF FABRICS

- Traditionally band knife cutting machines are only for knitwear. This machine can cut both knitwear and more conventional fabrics
- This machine is automatic and therefore doesn't require an operator at all time
- As the machine is automatic its productivity is higher
- The quality of the cutting is very high
- The width of the piece of fabrics cut is adjustable (between 15mm and 90mm)
- The speed is also adjustable (60 – 330 r.p.m.)
